MAGURA TS SERIES

The right fork for every wheel

All TS forks have been developed based on the SLE concept (Stiffer, Lighter, Easier). This means optimum stiffness at the lowest possible weight, extremely low maintenance, and easy set up.

100 to 150 mm of travel for cross country, marathon and all mountain.

Ultra stiff
DAD arch

MAGURA TS6 100

Big Is Beautiful

Onwards and upwards is the theme for 2013. The new Team Suspension fork range features a new design, a new name and new internal componentry. The perfect option for BIG WHEELS comes in the form of new 29er forks and 650B/27.5". The SLE-Concept has been applied to our complete range of Forks: Stiffer. Lighter. Easier... Feel the difference!

NEW! MAGURA
M15 thru axle*

80/100/120
